We Do Recover

When at the end of the road we find that we can no longer function as a human being, either with or without drugs, we all face the same dilemma. What is there left to do? There seems to be this alternative: either go on as best we can to the bitter ends-jails, institutions, or death-or find a new way to live. In years gone by, very few addicts ever had this last choice. Those who are addicted today are more fortunate. For the first time in history, a simple way has been proving itself in the lives of many addicts. It is available to us all. This is a simple spiritual -not religious- program, known as Narcotics Anonymous.
