NA has no affiliation with any private, government, or religious places where we hold meetings at. They are mentioned solely to help addicts to get to meetings. We have included Space Coast Area meetings, but they are responsible for the meeting information.

We were searching for an answer when we reached out and found Narcotics Anonymous. We came to our first NA meeting in defeat and didn't know what to expect. After sitting in a meeting, or several meetings, we began to feel that people cared and were willing to help. Although our minds told us that we would never make it, the people in the fellowship gave us hope by insisting that we could recover. Surrounded by fellow addicts, we realized that we were not alone anymore. Recovery is what happens in our meetings. Our lives are at stake. We found that by putting recovery first, the program works. We faced three disturbing realizations:

1. We are powerless over addiction and our lives are unmanageable.
2. Although we are not responsible for our disease, we are responsible for our recovery.
3. We can no longer blame people, places, and things for our addiction. We must face our problems and our feelings.

"The ultimate weapon for recovery is the recovering addict."

PHONE NUMBERS ARE IMPORTANT, GET THEM

Worried about what you can expect at your first meeting of Narcotics Anonymous?

We tried many things and failed. Our disease told us that this would just be another failure. We feared the judgment of those who would be there, we feared seeing those we may have known while using, those who had wronged us, and those we had wronged. Basically, we had a lot of fear, but with the smallest bit of hope, born of desperation, we walked in anyway.

What we found was immediate acceptance and understanding of who we were and where we were coming from. We found people who had been where we were now and found a simple way out. They welcomed us with open arms, open minds and open hearts. From that moment on we found that the choice was ours to make. We found a way to keep that one choice being, DON'T USE, in the forefront of our minds and actions. We found a path to freedom from our self-imposed hell. We found life, and others to help us travel that path, and a road map so we didn't stumble blind and alone anymore. We found Hope.
